**GRADUATION MESSAGE**

My heartfelt congratulations to the graduates of \_\_\_\_\_ School. The  
(Name of School)  
same felicitations is extended to parents and teachers who have labored much to pursue the education of these children.

Graduates, you are now ready to face another stage of your educational endeavor. Graduation is just the beginning of a more challenging journey towards the realization of your dreams. Always strive hard to reach your dreams in life. In every challenge you meet, do not surrender. Remember quitters never win.

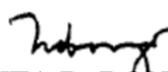

As you go out of the portals of your Alma Mater, give thanks to your teachers who have equipped you with the necessary knowledge, skills and values which will help you overcome all the challenges in life. As you journey towards the attainment of your goals, keep praying for guidance from the Lord.

Always remember that education is the only thing your parents can give you that cannot be taken away and cannot be sold.

I firmly agree with former South African President Nelson Mandela when he said, "Education is the most powerful weapon which you can use to change the world." This is how important education is. This is the reason we are having this K-12 curriculum in order that you can be afforded with the best education ever in the Philippines.

With the K-12 program you are equipped with 21<sup>st</sup> century skills which will help you interact with anybody anywhere in the globe. You are very fortunate and I am certain of your success.

Always remember to do your best and surely God will do the rest for you. Good luck and God bless.
